Subject : Reckless driving of public vehicles.

Respected Sir/Madam,

Through the columns of your esteemed newspaper, I wish to highlight the alarming issue of reckless driving by public vehicles which poses a grave risk to commuters.

Every day, I see public vehicles driving dangerously fast and not following traffic rules, which makes it unsafe for passengers and pedestrians. This reckless driving creates an environment of fear and uncertainty for all road users.

It is really important for the authorities to act quickly about this problem. A few strict steps such as strict enforcement of speed limits, heavy penalties on law violators, providing better

training for drivers are needed. The safety of commuters should be a top priority.

I, therefore, urge you to please publish this article in your esteemed newspaper to raise public awareness. Urgent action from authorities is needed to address this matter by implementing necessary measures.

Thanking You

Yours truly
