Dear Anuj,

I am here in good health and hope the same for you. I have heard from a friend of ours that you do not read newspapers at all. I am writing this letter to share with you some of the benefits of reading a newspaper.

Newspaper is a storehouse of knowledge. It provides us up-to date information about politics, economic development, culture, education, business, sports and science and technology. Newspaper spreads awareness and increases our knowledge and understanding on issues of national and global interest. It will help you to improve your vocabulary, language skills and knowledge of current affairs. The habit of reading a newspaper will

widen your outlook, remove narrowness of the mind and improve your personality. So, I advise you to read it daily.

I hope you will follow my advice. Please convey my best regards to your parents.

Yours loving friend
